WORKSPACE  
SOLUTIONS

## HIGH-QUALITY, BESPOKE OFF-SITE ARCHITECTURE

Time, cost and quality are the top considerations for building construction projects. Buildings from TEXO Workspace Solutions tick all these boxes and more.

Built entirely **off-site to any specification**, our buildings meet all health and safety standards and are constructed indoors – so poor weather never impacts timescales.

Add to that the fact that time **on site is significantly reduced**, labour is kept within a single supplier and you need minimal trades to operate throughout the whole project, and it's easy to see why customers are turning to off-site construction to get things done.

## FIVE REASONS TO CHOOSE OFF-SITE ARCHITECTURE

- ✓ **SIGNIFICANTLY CHEAPER**  
THAN TRADITIONAL ON-SITE  
CONSTRUCTION
- ✓ **NO RESTRICTIONS ON SIZE**  
OR COMPLEXITY
- ✓ **RAPID COMPLETION TIMES**  
REDUCES TIME TO ROI
- ✓ **MINIMUM ON-SITE TIME**  
REDUCES DISRUPTION
- ✓ **ONE SUPPLIER MAKES PROJECT**  
MANAGEMENT SIMPLE

## ONE BUILD ONE DELIVERY ONE TEAM

TEXO Workspace Solutions is a leader in off-site building supply – revolutionising traditional construction. Our buildings are used both onshore and offshore across a wide range of industries, and we have a proud reputation for quality and delivery.

### Choose TEXO for:

- ✓ Significant cost savings
- ✓ Faster time from order to installation
- ✓ Full bespoke design and fit-out
- ✓ Reliable build and installation

## TEXO WELCOMES FUTURE ENGINEERS TO BLYTH

**TEXO was proud to be part of their visit, providing an opportunity for the students to learn about our company's role in these exciting sectors. Our engineers shared insights into TEXO's projects and operations, showcasing the innovative work being undertaken at the Port of Blyth.**

The students were also given a tour of our facilities, allowing them to see firsthand how our engineering solutions are brought to life. We believe that experiences like this are invaluable in inspiring the next generation of engineers and fostering a strong pipeline of talent for the industry.

*We recently hosted 45 Y10 learners from Prudhoe High School on a STEM visit to Energy Central Campus, focusing on the clean energy sector. The learners took part in a carousel of activities that included excellent workshops and tours from Draeger and the Port of Blyth. A particular highlight was a visit to the workshops of TEXO, to take part in an activity led by Alan Conway (TEXO Brand Executive). TEXO, and Alan in particular, are massive supporters of STEM engagement and provide invaluable and much appreciated support to Energy Central-STEM in its mission to engage young people in clean energy industries. The young people heard about the innovative engineering work that TEXO are involved with and were introduced to the drone technology that TEXO use expertly in their work. There is no doubt that they left enthused and inspired about the opportunities that the clean energy sector could give them!*

## TEXO ROADSHOW A HIT IN BLYTH!

TEXO's popular Roadshow initiative has continued to build momentum, with the latest stop in Blyth proving to be another resounding success.

Designed to bring the company closer to its employees, the Roadshow offers an in-depth look at TEXO's operations, history, and future plans. From exploring our diverse range of services to understanding how different divisions collaborate, the event provides valuable insights for staff at all levels.

With stops in Aberdeen and Dundee still to come, TEXO is committed to ensuring every employee has the opportunity to participate.

## TEXO BACKS YOUNG ABERDEEN KICKBOXER STAR SOPHIE ROBB

TEXO is incredibly proud to sponsor 13-year-old Sophie Robb, who is currently preparing for her next competition – the Scottish Invitational – which takes place in August at the Braehead Arena.

Sophie successfully completed her black belt pre-test in May. This demanding four-hour exam assessed fitness, practical skills, sparring, and included a pressure test. In September, she will tackle the even more rigorous first star black belt test, a six-hour ordeal testing stamina, strength, and mental and physical endurance.

Good luck Sophie from all at TEXO!

## TEXO & BLYTH SPARTANS: A WINNING PARTNERSHIP

*It's fantastic to see the new Blyth Spartans AFC kits selling so well in the club shop. We're always proud to see our name on the iconic green and white shirt, but we're especially thrilled to play an extra part in the Away kit this year. As a thank you from Blyth Spartans, they designed the Away shirt with TEXO's brand colours, making it a real eye-catcher!*

*We are proud to support Blyth Spartans and the wider community, especially as the club celebrates its 125th anniversary in 2024. We are extremely proud to be supporting this historic club... Together We Are One."*

Alan Conway, TEXO Brand Executive

## HUNTER HAILES DREAMS BIG!

**Jamie Hailes's son has taken part in a Dream big day at school and his dream is to work for TEXO in the future!**

*My dad's job looks exciting and fun I want to work for TEXO when I'm older and look after everyone.*

Hunter Hailes

*My big man wants to be part of an amazing and family oriented company, he always said he wanted to be an engineer like his dad and the best place for him to complete those dreams will be TEXO in the future.*

Jamie Hailes

## TOMMY HODGSON GOES 10-0

Tommy Hodgson went 10-0 Saturday night at the Rainton arena, coming down a weight class against a worthy opponent.

Tommy showed he can move down in weight comfortably and will be looking at having another 2 bouts this year with potentially seeing the year out with yet another title fight!"

Congratulations Tommy!

## TEXO TEAM PLAYER OF THE MONTH

OFFICE BASED

### Cameron Allen

Junior Cost Engineer  
Engineering & Fabrication

Cameron has been extremely helpful to me and my new team members trying to navigate the TEXO cost control systems.

He is consistently available for advice and assistance and will spend whatever time is necessary to help us.

He's always pleasant around the office, and he appears to have a giant brain.

IN THE FIELD

### Daniel McGlaughlin

Rope Access NDT Technician  
Asset Integrity

Daniel has been a pivotal member of the Asset Integrity team and has gone over and above on a recent SPS. His attitude toward to client, job at hand and his team members has been brilliant. Overall, we are lucky to have him working with us, albeit his tattoos are questionable.
