TEXO WORKSPACE SOLUTIONS REIMAGINE OFFSHORE WELLBEING THROUGH SMART ACCOMMODATION DESIGN

Empowering Peak Performance: How Smart Design Creates a Thriving Offshore Workplace

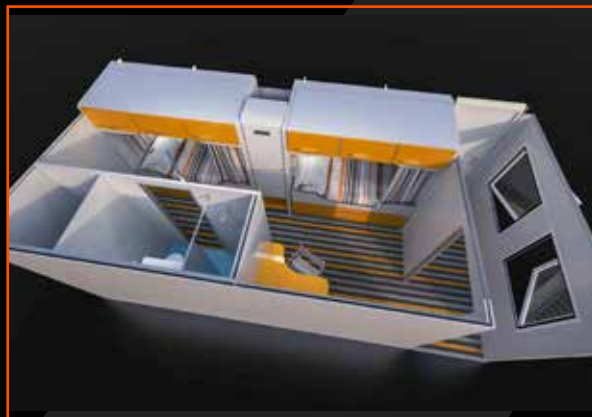

Did you know that a well-designed workspace can significantly impact the mental wellbeing, productivity, and retention of your offshore staff? At TEXO Workspace Solutions, we take a human-centric approach to offshore accommodation, creating modern, comfortable, and space-saving environments that empower your teams to perform at their best.

Studies show that a well-designed workplace can lead to a 20% increase in productivity and a 15% reduction in absenteeism

Improved offshore living quarters can also contribute to a significant decrease in stress and fatigue among workers

TEXO's Solution

- We design modern, comfortable, and space-saving accommodation units that cater to the specific needs of your offshore teams.
- Whether working within existing constraints or creating entirely new spaces, we prioritize privacy, personal space, and comfort.
- Our focus goes beyond aesthetics; we create environments that promote relaxation, focus, and a sense of community. This, in turn, leads to a more engaged and productive workforce.

- **Proven Expertise:** Backed by years of experience in the offshore industry, we know the specific needs and challenges of your environment.

Invest in Your People, Invest in Success

TEXO offshore accommodation in action
As part of an ongoing maintenance programme, we were asked to remove and replace flooring in 32 cabin wet rooms and a dry store. The asset was fully operational at the time, and our brief was to survey, design, build and install with as little disruption as possible. We worked on four rooms at a time, helping to reduce any downtime, keeping our presence on the asset to a minimum. We made sure the old flooring was safely disposed and that the new, anti-slip flooring was properly laid and sealed to provide a perfect finish. You can read more about this project here.

Why Choose TEXO?

Headquartered in Aberdeen, we have many years of experience working with offshore clients and assets. We've built a reputation for a transparent, efficient approach that delivers excellent results – that's why clients return to us time after time. Our Workspace Solutions team understands the challenges of working offshore and always plans any on-site work to make sure it works with your ongoing operations.

TEXO ENGINEERING & FABRICATION – STAFF RECOGNITION

We at TEXO pride ourselves on our relationships with our clients and believe this is fundamental to ensuring the work performed together is successful.

We have recently received some recognition for our Repair Order Team Lead George Clubb, for him and his team being reactive to an issue presented to us by our client and they managed to deliver on a very tight timescale.

"I am the Squad Lead for North Sea asset and am currently being supported by TEXO for some issues we have had on the asset. George Clubb has gone over and above to get urgent fabricated clamp materials to make our dedicated freight flight and I would like to recognise George for this"

We continuously do this for our client's day in day out and never look for recognition as this is our approach in everything we do, but its nice when it comes so well done to George, keep up the good work.

TITLE VICTORY FOR DEAN SUTHERLAND!

TEXO is thrilled to celebrate Dean Sutherland's phenomenal win over Sion Yaxley on Saturday 11th May, clinching the prestigious Celtic super-welterweight title!

This victory showcases Dean's exceptional talent, unwavering determination, and relentless pursuit of excellence. The fact that he secured this win against an undefeated opponent makes it even more impressive. The stoppage win not only adds another prestigious belt to Dean's collection but also positions him perfectly for a shot at the coveted British title.

Dean's unwavering focus and ambition are truly inspiring. His sights are now firmly set on the British title, and with his dedication and talent, we at TEXO have no doubt that he will achieve his goals. Whoever emerges victorious from the upcoming British title fight should be prepared for a formidable challenge from Dean Sutherland.

Congratulations once again, Dean! TEXO is incredibly proud to be your sponsor and we are firmly behind you every step of the way as you continue your journey towards becoming a British champion!

TEXO CELEBRATES TOMMY HODGSON'S TITLE VICTORY!

Huge congratulations to our sponsored athlete, Tommy Hodgson, on claiming his first professional title on Saturday 4th May.

This victory against the experienced Jordan Ellison is a testament to Tommy's dedication, skill, and unwavering spirit. We at TEXO are incredibly proud to see him achieve this significant milestone in his boxing career.

A Dominant Display

From the opening bell, Tommy demonstrated exceptional control and maturity in the ring. He strategically targeted Ellison's body, gradually wearing him down throughout the fight. While Jordan put up a valiant effort, particularly in the 9th round, Tommy remained composed and delivered a strong closing performance. The final scorecards, 98-94 in Tommy's favour, undeniably reflected his dominance in the ring.

A Bright Future Ahead

This title win marks an exciting new chapter for Tommy. We are confident that his talent, coupled with his unwavering work ethic, will propel him towards even greater achievements in the future.

Once again, congratulations, Tommy! TEXO is firmly behind you every step of the way!

TEXO TEAM PLAYER OF THE MONTH

OFFICE BASED

Nick Brown

HVAC General Manager
Workspace Solutions

As a veteran TEXO employee, Nick has been with us since the very beginning and has been a part of the growth that finds us where we are today.

Nick has carried out a mixed role since the start and helped develop our initial processes and procedures as we grew over the years but now finds himself firmly back in the seat with an ever-growing HVAC & Refrigeration department since taking over NLB Climate and the significant strategic integration with Russell Bell and the team at the start of the year.

Covering everything from a fridge repair in Wagamama to major HVAC Installation both on and offshore the team have their work cut out every day for sure and Nick plays his part with his usual wit and charm which for those who know Nick may chuckle however his technical ability and attention to detail are second to none and Nick takes great pride in his delivery and the continued growth at TEXO.

IN THE FIELD

Nathan Binnie

HVAC & Refrigeration Team Lead
Workspace Solutions

Keeping his cool our HVAC man on the ground certainly finds his way around whether it be a routine maintenance, emergency call out or larger scale project work Nathan is our guy to take care of it.

The last few months have seen some significant increases in workload across all areas and no matter how much you plan you can never anticipate the call outs which cover everything from the airports in Glasgow, Edinburgh & Aberdeen, pubs, clubs and restaurants across the city and project work from Southampton, Portsmouth, Purfleet, Bristol, Dundee and Aberdeen. All of this plus our busy workshop in Aberdeen where we manufacture all our modular buildings certainly keeps him and his team on their toes.

Nothing comes without reward here at TEXO Workspace Solutions and following on from the successful growth in both workload and the HVAC & Refrigeration team Nathan was recently promoted to the position of HVAC Contract Manager where he will add his in-depth knowledge ensuring all our projects are planned and that his workforce and client alike are fully supported no matter the size of the project being undertaken.

Well, done Nathan, you are an asset to the team, and we look forward to developing your career further here at TEXO.
